- 11.00 am Inside-Out Surgical Anatomy in 3 D
12.00 am Transoral Laser Microsurgery (TLM):
Classification of Different Types of Surgery
12.20 am Open Partial Horizontal Laryngectomies (OPHLs):
Classification of Different Types of Surgery
12.40 am Total Laryngectomy (TL): Technical Highlights
- 1.10 pm *Lunch*
- 2.30 pm TLM: Technology and Setting of the Operating Room
3.00 pm OPHL and TL: Technology and Setting of the Operating Room
3.30 pm Transoral Robotic Surgery of the Larynx (TORS):
Technical Highlights
- 4.00 pm **Relive Session**
TLM
TORS
OPHL
TL
- 5.30 pm The Concept of Laryngeal Compartmentalization:
How to Select Patients Amenable to Different Types of
Laryngeal Surgery
- 6.00 pm Economic Aspects and Aspects Related to Informed
Consent to Partial Laryngeal Surgery
6.40 pm Presentation of Clinical Cases to Be Operated

Tuesday, June 11th

- 8.00 am **Operating Room 1**
Open Surgery: OPHL-TL
Operating Room 2
TLM - TORS
- 1.30 pm *Lunch*
- 2.30 pm **Hands on Activities in the Lary-Gym**
Table 1 - Fiber Laser OPHL Type I-II
Table 2 - TLM Supraglottic Laryngectomies
- 6.40 pm Presentation of Clinical Cases to Be Operated

Wednesday, June 12th

- 8.00 am **Operating Room 1**
Open Surgery: OPHL-TL
Operating Room 2
TLM - TORS
- 12.45 am **Lecture: Functional Results After OPHLs and TLM**
- 1.30 pm *Lunch*
- 2.30 pm **Hands on Activities in the Lary-Gym**
Table 1 - OPHL Type III – TL
Table 2 - TLM Type I-II-III Cordectomies
- 9.00 pm *Social Dinner*

Thursday, June 13th

- 9.00 am-6.00 pm
Hands on Activities in Lary-Gym
Table 1 - OPHLs Types I-II-III: the Modular Approach
Table 2 - TLM Type IV-V-VI Cordectomies

Master Dissection on Cadaver
